The term weapon shall also include any simulated, replica, toy, or look-alike weapon.

*Possession* – to have on one’s person; in one’s locker; or under one’s control while on school property, on property being used by the school, at any school function or activity, at any school event held away from the school, or while the student is coming to or from school.

Procedure. Students are prohibited from possessing and bringing weapons and replicas of weapons into any school building, onto school property, to any school-sponsored activity, and onto any public vehicle providing transportation to school or to a school-sponsored activity.

Provident shall expel for a period of not less than one (1) year any student who violates this weapons policy. Such expulsion shall be given in conformance with formal due process proceedings required by law and Provident policy. The Superintendent may recommend modifications of such expulsion requirement on a case-by-case basis.

In the case of a student with disabilities, Provident shall take all steps required to comply with the Individuals with Disabilities Education Act and follow Provident policy.

The discovery of any weapon prohibited by this policy shall be reported promptly to the student’s parents/guardians and to local law enforcement officials.

The Principal & CEO or designee shall respond promptly to information and knowledge concerning weapons on school property. Such response shall be in compliance with state law and regulation and with the procedures set forth in the memorandum of understanding with local law enforcement officials.

The Superintendent or his/her designee shall:
1. Report all incidents relating to expulsion for possession of a weapon to the Department of Education.
2. Ensure that the memorandum of understanding with local law enforcement officials sets forth procedures to be followed when an incident involving an act of violence or possession of a weapon by any person occurs on school property.

Acts of violence or possession of a weapon in violation of Provident policy shall be reported to the Office of Safe Schools as required by law and regulations.

Guidelines.

Provident shall annually inform staff, students and parents/guardians about the Provident policy prohibiting weapons and about their personal responsibility for the health, safety and welfare of the school community.

This policy shall not apply to a weapon, or item that otherwise would be considered a weapon, being used by an individual who is participating in a supervised school program approved by Provident.

Additional exceptions to this policy may be made by the Superintendent, who shall prescribe special conditions or administrative procedures to be followed. In no case shall an exception to this policy violate laws or ordinances regarding possession of weapons.
