## ALL ABOUT WILSON READING SYSTEM®

Join us for an informative virtual session to learn what instruction looks like in a Wilson Reading System® (WRS) and Orton-Gillingham (OG) classroom. This session will give families an inside look at how these evidence-based programs are structured, what a typical lesson includes, and how students progress through each step of the intervention.

At PCS, structured literacy is the foundation of our programming, directly and explicitly addressing reading deficits. This session is a wonderful opportunity to deepen your understanding and see these programs in action.
